

## ENHANCE YOUR WEALTH SMART STRATEGIES FOR ₹1 BILLION

Becoming a billionaire is a dream many of us harbour, but only a few take the actionable steps to realise it. Achieving this dream can follow two distinct paths: working hard for money or letting money work hard for you. **The latter might sound easier, so let's delve into it.**

We're all familiar with Systematic Investment Plans (SIPs), a remarkable investment tool that transforms our monthly savings into investments in Mutual Fund units. These units offer compounding returns in the long term, potentially propelling you towards a billionaire (Indian Rupee) status. Here, we'll explore a few SIP strategies that could pave the way to becoming a billionaire in the long run.

### STRATEGY - 1 ( LIMITED PERIOD SIP )

Many of us don't want to commit monthly investments for a long period. This is because of the uncertainties of the future income generation. The idea of limited period SIP is to start an SIP with a tenure aligned with our income-generating years and hold the investments thereafter. Even if we contribute a modest amount, this strategy can help us reach the coveted ₹1 billion target for ourselves or our children.

CURRENT AGE	TARGET AMOUNT REQUIRED AT AGE	SIP PERIOD	DEFERMENT PERIOD	SIP REQUIRED
0	60	20	40	₹7,252
5	60	20	35	₹13,361
10	60	20	30	₹24,618
15	60	20	25	₹45,356
20	60	20	20	₹83,566
25	60	20	15	₹1,53,965
30	60	20	10	₹2,83,671
35	60	20	5	₹5,22,646

#### Assumed Return - 13%

In the table provided, you can see the monthly SIP amount needed for 20 years to achieve ₹1 billion target by age 60, taking into account various ages, deferment periods, and assumed annual returns of 13%.

## STRATEGY 2 ( STEP-UP SIP )

Our income tends to grow over time, and our monthly savings can follow suit. With this strategy, we can begin with a comfortable SIP amount of our choice and gradually increase the contributions as our income rises, eventually reaching the target of ₹1 billion

SIP PERIOD (YRS)	FLAT SIP REQUIRED	STEP-UP SIP WITH 5% ANNUAL INCREASE	STEP-UP SIP WITH 8% ANNUAL INCREASE
10	₹42,31,709	₹35,31,663	₹31,54,109
15	₹19,28,548	₹14,93,473	₹12,64,511
20	₹9,62,941	₹7,03,034	₹5,67,951
25	₹5,00,882	₹3,49,456	₹2,70,987
30	₹2,65,850	₹1,79,220	₹1,34,145
