

Cost of Delay

Famous philosopher Lao Tzu once said "The journey of a thousand miles begins with one step." Your investment journey for achieving wealth throughout your working life span can also be achieved by starting a simple SIP.

However, many investors delay their investments. They believe they have a lot of years ahead of them and can make it up later. They prefer current consumption over investing. Some adopt an unsustainable lifestyle through debt which doesn't allow them to invest. These decisions can be costly; Literally
